

## Building up 45° rule and 50% rule

### 45° rule if you wish to build up higher than the allowed 250 cm.

If the stand construction exceeds the allowed high of construction of 250 cm the 45° rule become effective.

If your neighbour(s) accept the increased high of build up, You have to send in a confirmation of the accept to Odense Congress Center.

The 45° rule is in force towards higher build up towards neighbours and towards aisles.

### 50% rule

Covering with walls, banners etc more than 50% of the sides towards each aisle is not allowed.

**The exhibition management shall have the final say in cases of doubt – and can require any structure that infringes the above rules to be dismantled.**
